BAROSSA VALLEY

## 2017/18 Wines

We grow low volume, intense flavour fruit, typical of the super premium, north-west Barossa region. Our winemaking style enhances those natural attributes, creating some of the most complex and flavoursome wines you will have the pleasure of experiencing. We are sure you will find them full bodied but wonderfully approachable, balanced, smooth and fruity.

We are really looking forward to the regional and national wine shows later this year.  
Wayne & Sandy Elson

Traditional basket press. We only use environmentally friendly practices in our vineyards. No milk or egg products are used in our wines

**Delightfully different, full bodied, hand crafted, and very rare fine wines**
